FINANCIAL STATEMENT

Income Statement

A snapshot of the pharmacy’s financial performance for the period.

Line item	GHS
Revenue	16,209.00
Cost of goods sold	(10,642.95)
Gross profit	5,566.05
Gross margin %	34.3%
Rent	(800.00)
Staff wages	(1,200.00)
Utilities (electricity/water)	(150.00)
Transport/logistics	(100.00)
Miscellaneous/supplies	(80.00)
Total operating expenses	(2,330.00)
Operating income (EBIT)	3,236.05
Tax expense (25%)	(809.01)
Net income	2,427.04

Financial performance at a glance

Revenue	Gross margin
GHS 16,209.00	34.3%
Operating income	Net income
GHS 3,236.05	GHS 2,427.04

Daily revenue vs. true daily net income

Month-end cumulative revenue: **GHS 16,209.00**
Month-end cumulative *daily* net income: **GHS 2,283.09**
The daily figure is lower than the income-statement net income (GHS 2,427.04) because tax is charged on profitable days only, with no offset for loss days. The statement taxes the month as a whole.

Key takeaways

- 1

Healthy gross margin
34.3% shows solid product profitability, though it is carried by a few high-margin items.
- 2

Operating income
GHS 3,236.05 after GHS 2,330 of operating expenses.
- 3

Net income
GHS 2,427.04 after 25% tax on the month.
- 4

Operating expenses
14.4% of revenue.
- 5

Daily cost cover
Revenue exceeded total daily expenses on 15 of 28 trading days.

Next step

Reduce the high-expense days, fix margin on low-performing products and scale the top revenue drivers.

Know your numbers.

DAILY ANALYSIS

Daily Revenue vs. Net Income

Track how revenue and profit move each day, and spot the spikes, dips and loss-making days.

Daily revenue vs. daily net income

Month-end cumulative revenue

GHS 16,209.00

28 trading days

Cumulative daily net income

GHS 2,283.09

tax on profitable days only

Best revenue day

GHS 3,055

Aug 12

Days with a net loss

13 of 28

after daily opex share

Cumulative revenue vs. cumulative net income

Key takeaways

1

Revenue is lumpy

Daily revenue ranges from GHS 6 to GHS 3,055; 6 days above GHS 1,000 produce much of the month.

2

Profits follow big days

The top 5 revenue days brought in 51% of revenue.

3

Cumulative growth

Revenue reached GHS 16,209.00; daily net income built to GHS 2,283.09.

4

Quiet days cost money

13 days made a loss once fixed costs are shared across days.

DAILY ANALYSIS

Daily Expenses (COGS + Opex) vs. Revenue

See how daily costs compare with revenue, and the total expenses for the month.

Total COGS this month

GHS 10,642.95

Total opex this month

GHS 2,330.00

Combined expenses

GHS 12,972.95

Days expenses exceeded revenue

13 of 28

46.4% of days

Daily expenses (COGS + Opex) vs. revenue

Total expenses as % of daily revenue (axis capped at 400%)

Key takeaways

- 1**

Cost pressure

Expenses exceeded revenue on 13 of 28 days (46.4%).
- 2**

COGS dominates

COGS is 82.0% of total expenses, so product costs and pricing matter most.
- 3**

Opex is fixed

Opex is 18.0% of expenses: rent, wages and utilities are shared evenly across 28 days.
- 4**

One extreme day

Aug 31 had GHS 6 revenue against GHS 89 of expenses (1,487%).

Next step

Cut high-expense days, tighten cost control and optimise the product mix to lift daily and monthly profitability.

Lower costs. Higher profits.

SALES PERFORMANCE INSIGHTS

High- and Low-Expense Days

Compare high- and low-expense days and see which products sold on the high-expense days.

High-expense days (expenses > 150% of revenue)

2026-08-16 (164%), 2026-08-20 (182%), 2026-08-25 (273%), 2026-08-31 (1,487%)

Low-expense days (expenses < 100% of revenue): 15 days

2026-08-05, 2026-08-06, 2026-08-08, 2026-08-11, 2026-08-12, 2026-08-17, 2026-08-18, 2026-08-19, 2026-08-21, 2026-08-22, 2026-08-24, 2026-08-28, 2026-08-29, 2026-09-01, 2026-09-02

Products sold on high-expense days (sorted by lowest margin %)

Product	Times sold	Qty	Revenue	Cost	Avg margin %
MAALOX SACHET-20s	2	4	24.00	24.00	0.0%
Lydia Post Pill	1	1	30.00	21.00	30.0%
Fluconazole 150mg Capsules (UK)	2	2	130.00	70.00	46.2%
Lofnac Tablets	1	1	10.00	5.00	50.0%

Concentration of revenue and profit

12 of 27 products (44%) generate about 80% of revenue. 10 of 27 products generate about 80% of gross profit.

Key takeaways

- 1

High-expense days
13 of 28 days (46.4%) had expenses above revenue, and four of them were above 150%.
- 2

Top cost driver
COGS is 82.0% of total expenses.
- 3

Opex impact
Opex is 18.0% of expenses, with rent, wages and utilities driving fixed costs.
- 4

Opportunity
Focus on reducing high-cost days, improving margin on low-performing products and optimising the cost mix.

PRODUCT PERFORMANCE

Revenue vs. Profit

Which products drive the most revenue, and which actually deliver the profit.

#	Product	Revenue	Rev rank	Profit	Profit rank	Margin %	Rank gap
1	Zithromax Capsules	2,880.00	1	945.00	1	32.8%	0
2	Warticon Cream	2,400.00	2	150.00	10	6.2%	-8
3	Procomil Spray	1,890.00	3	126.00	13	6.7%	-10
4	Cytotec Tablets	840.00	4	824.85	2	98.2%	+2
5	Diflucan (fluconazole) 150mg Capsules	810.00	5	480.00	4	59.3%	+1
6	apetamin syrup	750.00	6	220.00	9	29.3%	-3
7	Provera 5mg Tablets, 12s	680.00	7	614.00	3	90.3%	+4
8	Deep Heat Spray	664.00	8	232.00	8	34.9%	0
9	Fluconazole 150mg Capsules (UK)	650.00	9	300.00	7	46.2%	+2

26	Lofnac Tablets	60.00	26	30.00	24	50.0%	+2
27	Amoxicillin 250mg/5ml Oral Suspension,	50.00	27	36.00	22	72.0%	+5

Overrated: big revenue, small profit

Product	Revenue	Margin	Gap
ZITHROMAX ORAL CAPSULES	440	2.3%	-12
Procomil Spray	1,890	6.7%	-10
Warticon Cream	2,400	6.2%	-8
Vermox 500mg Tablets	330	13.3%	-5
Wellwoman Original	468	18.8%	-4
MAALOX SACHET-20s	126	0.0%	-4

Quiet performers: punch above their weight

Product	Revenue	Margin	Gap
FEROGLOBIN CAPSULES 30ca	140	97.3%	+10
Lariam Tablets	363	97.5%	+9
Finasteride Tablets	400	91.2%	+9
Amoxicillin 250mg/5ml Or	50	72.0%	+5
Provera 5mg Tablets, 12s	680	90.3%	+4

Markup check on flagged low-margin products (catalogue pricing)

Product	Cost price	Selling price	Markup %
Procomil Spray	196.00	210.00	7.1%
Warticon Cream	750.00	800.00	6.7%
ZITHROMAX ORAL CAPSULES	215.00	220.00	2.3%

FINANCING

Debt Analysis: Profit-to-Net Waterfall

Assumptions: 40% of monthly stock purchases financed on supplier credit at 5% interest per month.

Line item	GHS
Gross profit	5,566.05
Less: operating expenses	(2,330.00)
Operating income (EBIT)	3,236.05
Less: interest on supplier credit	(212.86)
Income before tax	3,023.19
Less: tax (25%)	(755.80)
Net income (after expenses + debt)	2,267.39

Where the gross profit went

Category	% of gross profit
Operating expenses	41.9%
Interest on debt	3.8%
Tax	13.6%
Net income retained	40.7%

Sensitivity: interest expense as % of gross profit (GHS 5,566.05)

% purchases on credit	2%/mo	5%/mo	10%/mo	15%/mo	20%/mo
0%	0.0%	0.0%	0.0%	0.0%	0.0%
20%	0.8%	1.9%	3.8%	5.7%	7.6%
40%	1.5%	3.8%	7.6%	11.5%	15.3%
60%	2.3%	5.7%	11.5%	17.2%	22.9%
80%	3.1%	7.6%	15.3%	22.9%	30.6%
100%	3.8%	9.6%	19.1%	28.7%	38.2%

STRATEGIC ANALYSIS

Margin vs. Volume Matrix

How each product performs on margin and sales volume. Bubble size and colour show total profit. Dashed lines mark median volume (4 units) and the overall 34.3% margin.

Key takeaways

- 1**

Top earner

Zithromax Capsules: highest profit (GHS 945) at a 32.8% margin, close to the overall 34.3%.
- 2**

Hidden gems

Cytotec, Provera, Finasteride, Lariam and Feroglobin earn 90%+ margins on very few units: promote them.
- 3**

Volume plays

Maalox sachets sold 21 units at 0% margin and Vermox 500mg 11 units at 13%: review pricing.
- 4**

Question marks

Warticon Cream and Procomil Spray bring large revenue but only about 6-7% margin: renegotiate cost or price.

Next step Protect stars, promote hidden gems, fix pricing on the volume plays and renegotiate costs on the low-margin big sellers.

Right products. Bigger profits.

PRODUCT MOVEMENT

Sales Velocity

Units per day across the 28 trading days, and units per day on the days each product actually sold.

Product	Qty	Days sold	Revenue	Profit	Units/day	Units/active day
MAALOX SACHET-20s	21	15	126.00	0.00	0.750	1.400
Vermox 500mg Tablets	11	7	330.00	44.00	0.393	1.571
apetamin syrup	10	7	750.00	220.00	0.357	1.429
Fluconazole 150mg Capsules (UK)	10	8	650.00	300.00	0.357	1.250
FIESTA CONDOM	10	10	200.00	100.00	0.357	1.000
Zithromax Capsules	9	5	2,880.00	945.00	0.321	1.800
Procomil Spray	9	7	1,890.00	126.00	0.321	1.286
Malaria Test Kit	9	5	180.00	72.00	0.321	1.800
Aciclovir Cream	7	5	553.00	133.00	0.250	1.400
Diflucan (fluconazole) 150mg Capsules	6	5	810.00	480.00	0.214	1.200
Lofnac Tablets	6	5	60.00	30.00	0.214	1.200
Amoksiklav Suspension	5	5	490.00	110.00	0.179	1.000
Provera 5mg Tablets, 12s	4	3	680.00	614.00	0.143	1.333
Deep Heat Spray	4	2	664.00	232.00	0.143	2.000
Vermox Suspension	4	3	320.00	48.00	0.143	1.333
Lydia Post Pill	4	4	120.00	36.00	0.143	1.000
Warticon Cream	3	1	2,400.00	150.00	0.107	3.000
Cytotec Tablets	3	3	840.00	824.85	0.107	1.000
Wellwoman Original	2	2	468.00	88.00	0.071	1.000
ZITHROMAX ORAL CAPSULES	2	2	440.00	10.00	0.071	1.000
Amoksiklav Tablets	2	2	200.00	62.00	0.071	1.000
Amoxicillin 250mg/5ml Susp. 100ML	2	1	50.00	36.00	0.071	2.000
Finasteride Tablets	1	1	400.00	365.00	0.036	1.000
Lariam Tablets	1	1	363.00	354.00	0.036	1.000
FEROGLOBIN CAPSULES 30capsules	1	1	140.00	136.20	0.036	1.000
Ventolin Evohaler	1	1	140.00	45.00	0.036	1.000
Dragon Spray	1	1	65.00	5.00	0.036	1.000

Fastest movers: Maalox sachets, Vermox 500mg, Fiesta condoms, Fluconazole 150mg (UK), apetamin syrup. **Slowest (1 unit each):** Dragon Spray, Finasteride, Feroglobin, Lariam, Ventolin Evohaler.

Fast does not mean profitable: Maalox sells the most units (21) and earns GHS 0.00 profit.

PRODUCT MOVEMENT

Fastest & Slowest-Moving Products

Which products move quickly and which sell slowly, so you know what to stock more of and what to reconsider.

Five fastest-moving products: units sold per week

Five slowest-moving products (1 unit each): the day it sold

Key takeaways

1

Stock what moves

Maalox, Vermox 500mg and Fiesta condoms lead on units, but Maalox earns nothing and Vermox 500mg only a 13% margin.

2

Slow but valuable

Finasteride, Lariam and Feroglobin sold once each, yet earned GHS 365, 354 and 136 profit.

3

Balance inventory

Avoid tying up cash in slow, low-margin stock; keep slow high-margin items in small quantities.

4

Track weekly

Review movement every week to adjust ordering and promotions.

OPTIMAL PRODUCTS

Products Meeting the GHS 10/Day Profit Floor

Products that earn at least GHS 10 in gross profit per day on current sales and cost structure.

#	Product	Units/day	Profit/day (GHS)	Optimal score
1	Zithromax Capsules	0.321	33.75	0.950
2	Fluconazole 150mg Capsules (UK)	0.357	10.71	0.659
3	Cytotec Tablets	0.107	29.46	0.586
4	Diflucan (fluconazole) 150mg Capsules	0.214	17.14	0.554
5	Provera 5mg Tablets, 12s	0.143	21.93	0.525
6	Finasteride Tablets	0.036	13.04	0.243
7	Lariam Tablets	0.036	12.64	0.237

Excluded for earning under GHS 10/day: Warticon Cream, Procomil Spray, apетamin syrup, Deep Heat Spray, Aciclovir Cream, Amoksiklav Suspension, Wellwoman Original, ZITHROMAX ORAL CAPSULES, Vermox 500mg Tablets, Vermox Suspension, FIESTA CONDOM, Amoksiklav Tablets, Malaria Test Kit, FEROGLOBIN CAPSULES 30capsules, Ventolin Evohaler, MAALOX SACHET-20s, Lydia Post Pill, Dragon Spray, Lofnac Tablets, Amoxicillin 250mg/5ml Oral Suspension, 100ML.

Key takeaways

- 1

7 qualified products
These products meet the GHS 10/day profit floor.
- 2

Zithromax leads
Highest score (0.950) and GHS 33.75 profit/day.
- 3

Cytotec and Provera
Few units but GHS 29.46 and 21.93 profit/day: margin does the work.
- 4

Monitor and adjust
Track weekly and adjust inventory and marketing focus.

OPTIMAL PRODUCTS

Weekly Sales of Optimal Products

Weekly units sold for the 7 optimal products, with weeks counted from August 5.

Key takeaways

- 1

Zithromax
4 units in week 1, 2 in week 2, 1 in week 3, none in week 4, 2 in week 5.
- 2

Fluconazole (UK)
Steady: 3, 2, 3, 2 units in weeks 1 to 4, none in week 5.
- 3

One-off sellers
Finasteride and Lariam each sold once, so they show a single bar.
- 4

Small numbers
Most items sell 0 to 4 units a week, so single sales move the pattern a lot.
